React/Next.js

LANGUAGES

English, French, Arabic

EDUCATION

ENA Marrakesh
2024 – Present

PROFILE

Architectural designer bridging the gap between heritage craftsmanship and digital intelligence. Specializing in high-fidelity visualization and parametric design. Focused on creating atmospheric, programmable spaces for the retail and hospitality sectors.

EXPERIENCE

Creative Technologist (Freelance)
2023 - Present

Developed high-end 3D visualization for architectural concepts (Residential & Commercial).
Designed "The Invisible Store," a zero-inventory retail concept using smart materials.
Mastered photorealistic rendering pipelines using Blender, Unreal Engine, Unity.
