ABOUT ME

I'm a creative, out of the box thinker that goes beyond the existing practices and mindsets. I thrive on solving problems, gets my heart racing when I'm confronted with a new one. I can effectively hear and analyze data to rapidly come up with valuable solutions and strategies to tackle any problem. But what makes me stand out the most, is my ability to effectively communicate with my team and clients, to inspire ideas that will help them grow and focused on the task at hand, to make them feel at ease with their ideas and decisions.

I possess impeccable technical and computer skills with advanced knowledge of AutoCAD, ArchiCad, Revit W/BIM, Microsoft Office, SketchUp, Adobe Creative Suite and other graphics communication programs. In previous jobs I have often been called upon to train juniors and other employees in various computer software. An excellent working knowledge of drawing is also one of my strong points.

My attention to detail and excellent problem-solving skills ensure that every project I work on is done accurately and to the highest possible standard. I am comfortable working as part of a team but also have the ability to take a leadership role when need be. My Bilingual communication skills (oral and written) and positive attitude, make me an effective communicator with all clients and personnel I work with.

Yours sincerely
Robert R. Rivas Molina, Assoc. AIA

ACADEMIC

Work during my academic years on the Polytechnic University of Puerto Rico, San Juan Campus.

Professional work during my experience in the world. They vary from residential, commercial

PROFESSIONAL

professional
and industrial.

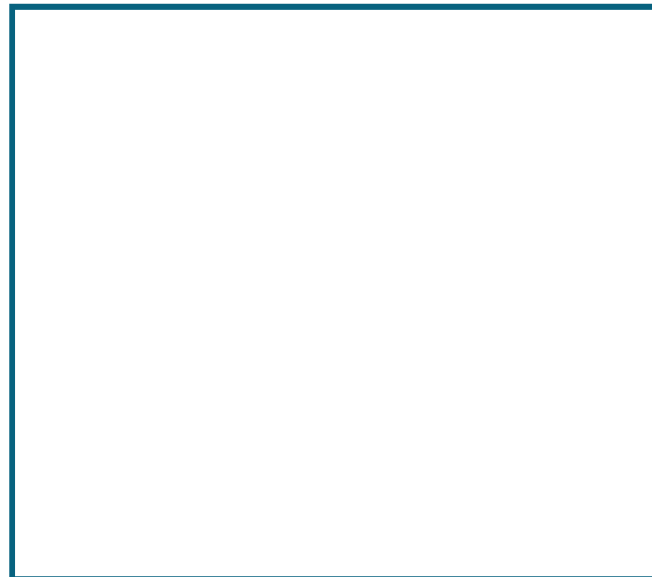

FURNITURE

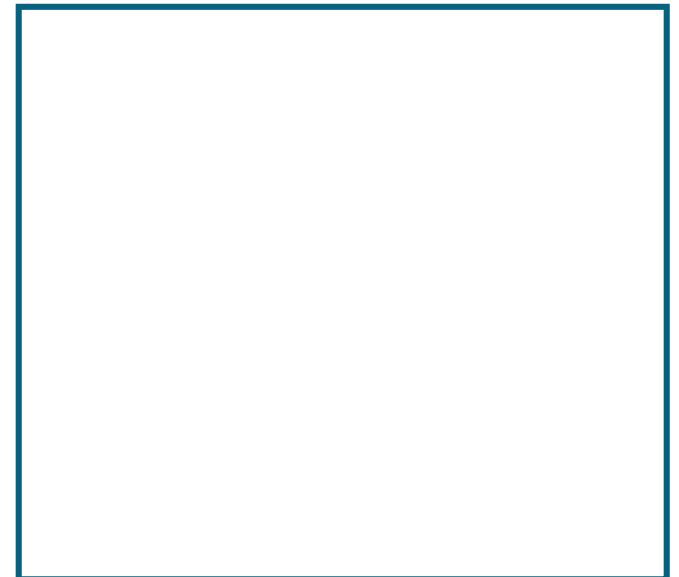

During my time in J Saad Nazer Inc. The leading furniture manufacturer in Puerto Rico i was able to design a modern line of office furniture and home furniture.
