carlynfrey@gmail.com

My name is Carly Frey and I am a graduate from Florida State University with a degree in Interior Design. My passion for design flourished when I discovered that the world around me had the ability to ignite such a deep sense of creativity. My inspiration draws from the challenge that comes with each project as design is changing every day. I aspire to merge the past into our vastly evolving modern world by keeping to the classics and having a deep respect for tradition.
