CLIK
“Creativity Leads to Innovation in Kids”
A Creative Learning Center
2022

Selected Works
The CLIK Center is set to challenge the meaning of what an after school program / community center looks like today. CLIK will be intentionally designed for users to come together to create, self express and spend quality productive time outside of their homes or schools.

GOODE KITCHEN

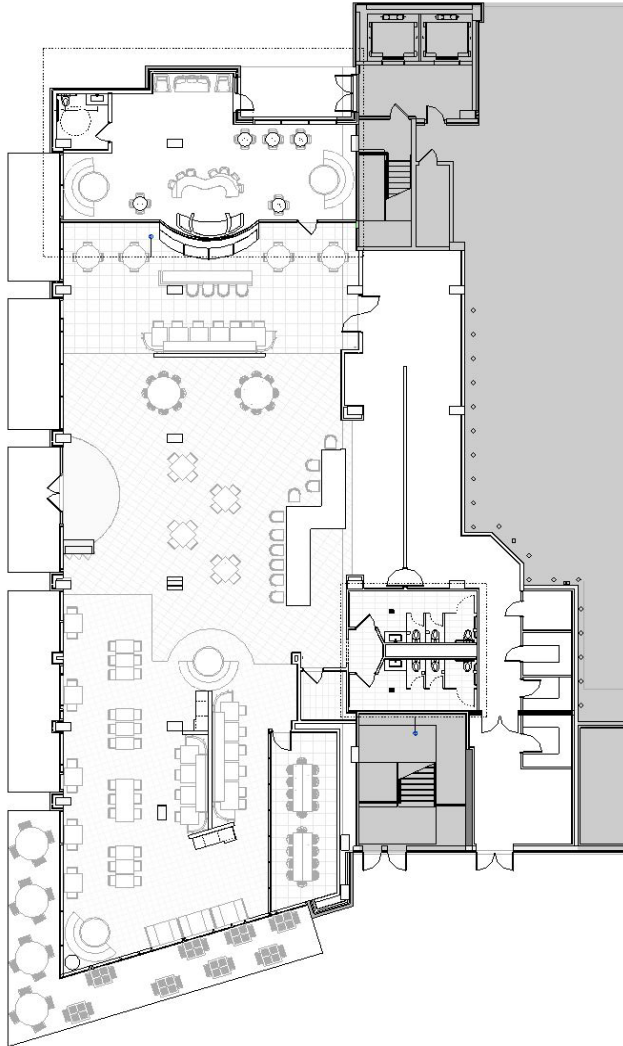

2022

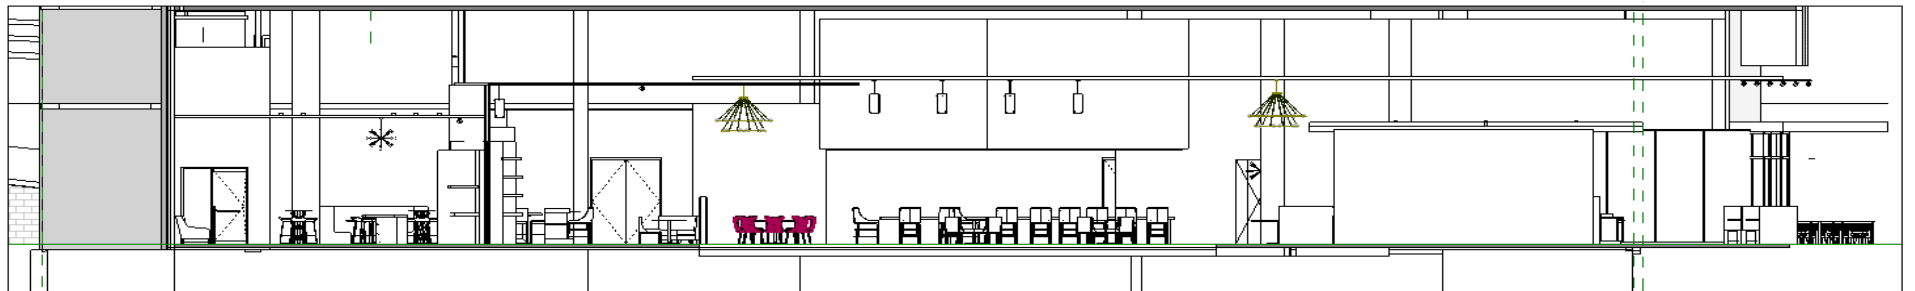

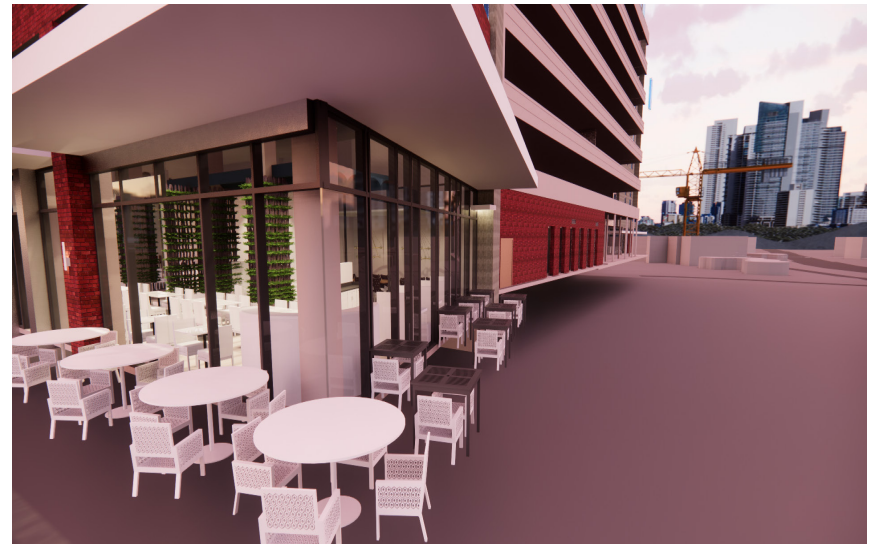

Goode is a fine dining experience curated for Levi Goode that focuses on balance. Balance because, as the world progresses, we have lost the appreciation for balance and stability of good. We have adopted the extremes of “great” of “terrible” as the norm / parameters of expression. But that balance or middle ground of “good” is what is perfect. Whilst alluding to the family name and the simple yet tasteful design concept, this is Goode by Levi Goode.

NATURAL DISASTER MUSEUM

The Natural Disaster Museum is a dynamic and immersive space dedicated to exploring the science and human impact of natural disasters. Through interactive exhibits, educational programming, and engaging displays, visitors will gain a deeper understanding of the causes and effects of natural disasters and the measures we can take to prepare for and mitigate their impact.

COMMERCIAL OFFICE BUILDING

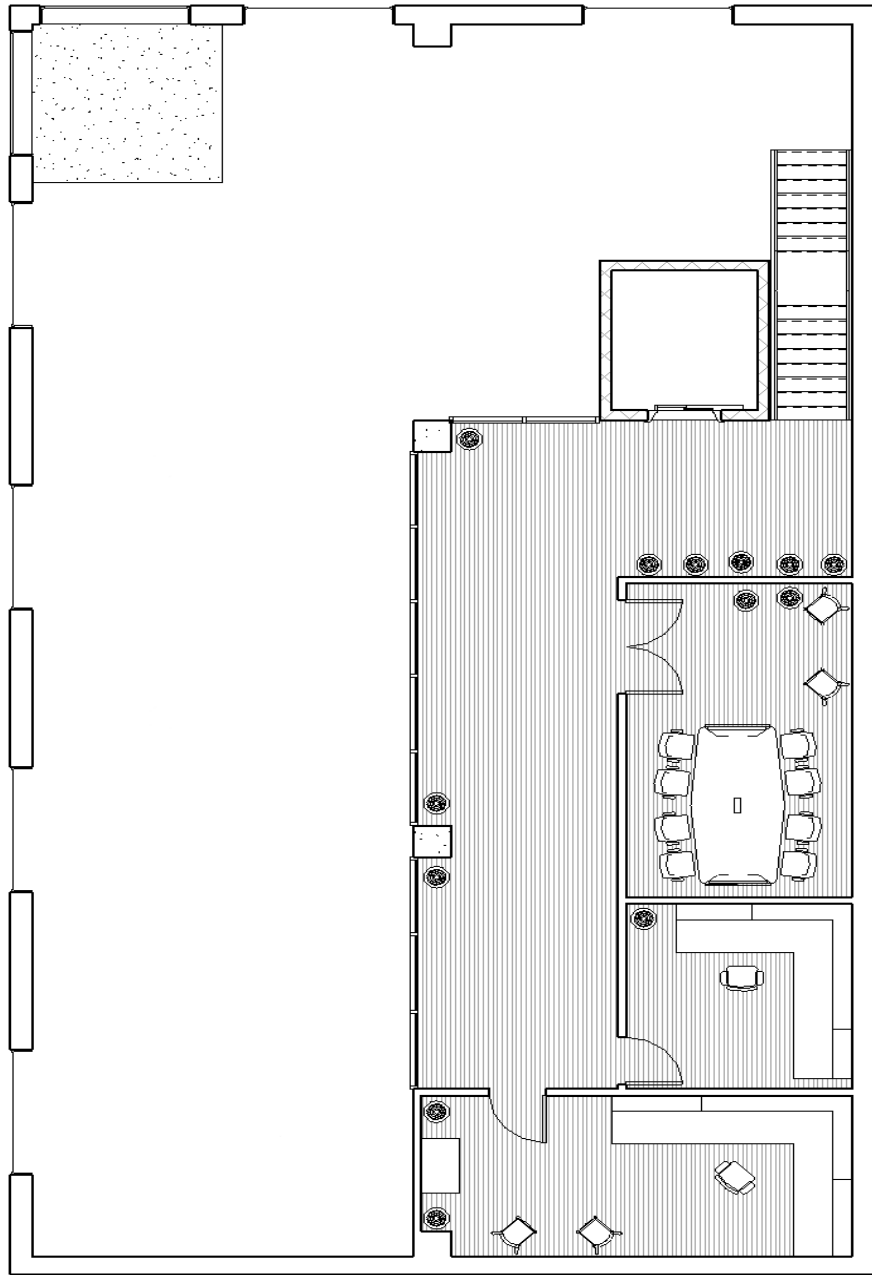

The spatial concept that developed here is intended to create a welcoming and uplifting atmosphere. The design aims to cultivate positivity, interactivity, and luminosity, providing a space that is both inviting and energizing.
