VISA STATUS: FULL AMERICAN WORKING RIGHTS

THE E3 VISA is a visa for only Australian citizens, created as a result of the Australia-United States Free Trade Agreement. The visa enables eligible Australians to work temporarily in the U.S., 2 years at a time, in a specialty occupation (including architecture). Each year 10,500 E-3 Visas are available to Australians only and in the past few years less than 50% of the quota has been used. E-3 Visa renewals do not count towards the annual quota.

INTRODUCTION

I AM
_an enthusiastic and dedicated Revit Architect with over ten years of post-graduate experience in the architecture, urban design and planning industry.
_experienced in residential, commercial, hospitality, infrastructure, transport and urban design sectors.
_confident working as a project architect leading a team, or in a senior supporting role.
_passionate about closely collaborating with clients, consultants, contractors, and stakeholders.
_a registered Architect in Australia (NSW - 11566)

E-3 VISA

Hire Australians in the US. Fast, Easy, Inexpensive.

ELIGIBILITY

1. Must be an Australian Citizen
2. Must have a degree*
3. Must have a job offer

*Australians may be eligible via a combination of formal education and/or professional experience

THE BASICS

- Visa fee is \$315
- Processing time is about 4-6 weeks
- Available in 2 year increments
- Theoretically renewable indefinitely
- Spouse and Children can apply too (E-3S / E-3D)
- Spouse will automatically receive working rights upon entry into the US
- Employee must earn the greater of the actual or prevailing wage
- Position must require a U.S. bachelor's degree or equivalent

3 STEP PROCESS

1. Employer: files Labor Condition Application with the U.S. Department of Labor
2. Candidate: submits DS-160, pays \$315, and attends U.S. Consulate appointment outside of the US
3. Candidate: receives E-3 Visa and starts new job

READILY AVAILABLE & HIGH APPROVAL RATE

10,500 visas
available each year

Only 45% of the E-3 Visa
quota was used in 2022
