1 ROLLIN CAFÉ

Project	Café Design
Type	Commercial
Year	2023
Area	133 SQM
Country	KSA

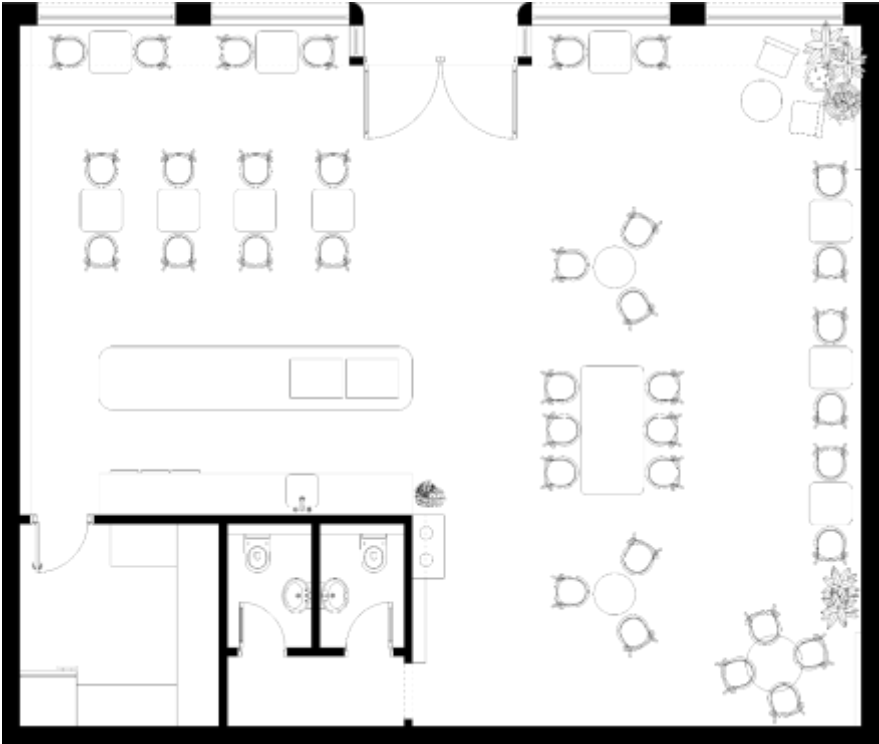

Brief

This design emphasizes simplicity and functionality. Clean lines, neutral colors, and natural materials create a serene atmosphere, encouraging relaxation and conversation. The layout maximizes space while maintaining an inviting ambiance, perfect for a modern urban experience.

Zoning diagram

The layout maximizes space while maintaining an inviting ambiance, perfect for a modern urban experience.

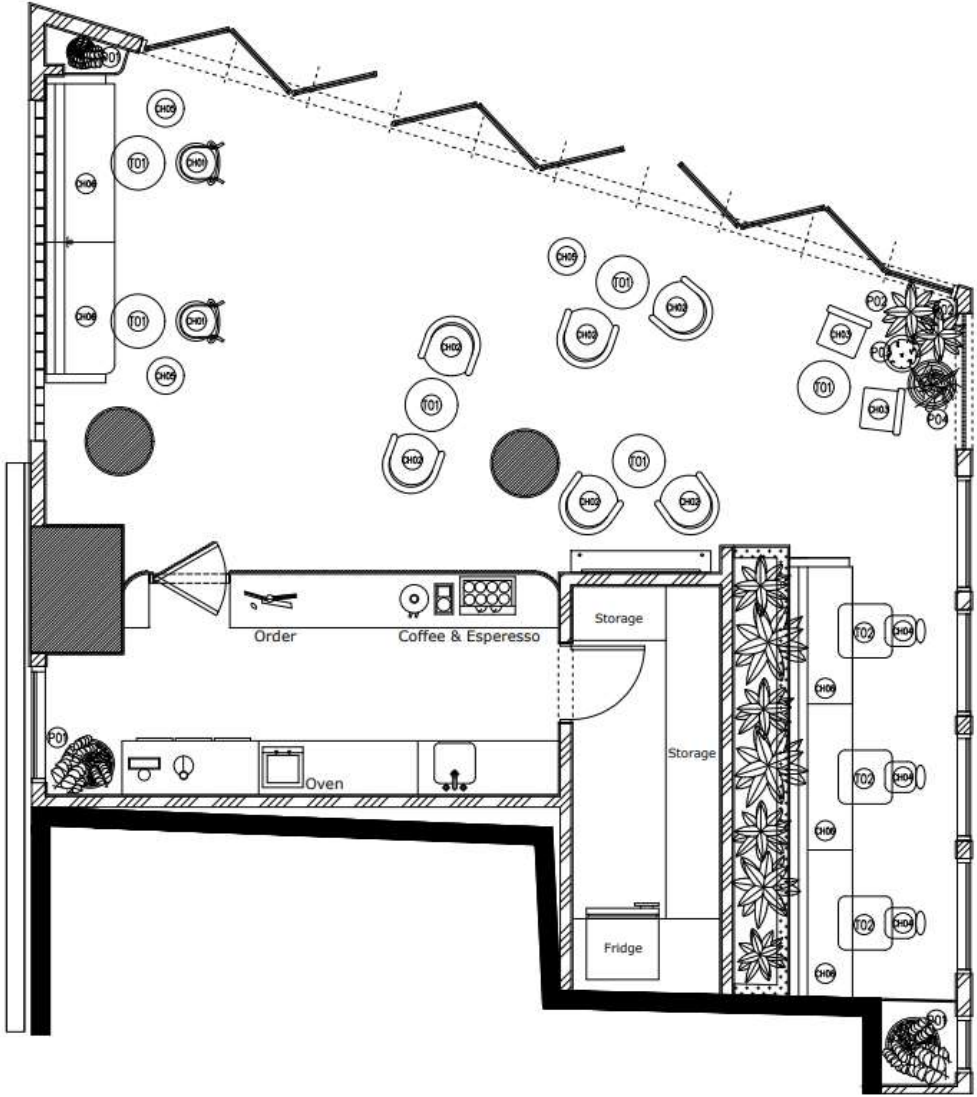

USHEK Café

Project	Café Design
Type	Commercial
Year	2022
Area	85 SQM
Country	Kuwait

Brief

This design of USHEK Café emphasizes Greenery features knowing that greenery introduces a refreshing and natural touch. Well-placed plants can soften the interior, improve air quality, and contribute to a relaxed atmosphere, enhancing the overall experience.

The layout maximizes space while maintaining an inviting ambiance, perfect for a modern urban experience.

1 ABK (Ahli Bank of Kuwait)

Brief

Engineering Projects

As a Project Manager, I oversee the full activities involved in the establishment of new branches. My role involves the entire project lifecycle, from initial planning through to execution, ensuring that each phase aligns with strategic objectives and operational standards. Successful operation of 19 New/Relocated branches

Partial Renovation Projects

Also Manage to partially renovate 21 branches (instead of full renovation) to reduce cost & time with zero business interruptions

Premises space planning

As an architect, I focus on creating functional and innovative environments tailored to the unique needs of head office operations., these modifications completed as per time plan with zero business interruption

Governess ,Regulations Tasks & CBE Requirements

- Applying accessibility according to CBE requirement
- Finalize Façades rigid fixation project in complying with CBE updated securing policy

Creating Retail design standards guidelines

Al-Ahli Bank of Kuwait –Egypt has replaced Piraeus Bank , after this replacement ABK Needed to create his own identity & unique image, that was a great opportunity for me for applying my Masters Thesis Topic about creating design manual to Banks sectors This manual provides clear guidelines for planning and constructing ABK branch. It has been developed to create a steady brand offer and customer experience for the entire ABK branch network. This document provides a design framework and ensures retail branch design is aligned

1 Spain-III-International Workshop

Brief

The Spain International Workshop focused on the intersection of landscape and tourism, bringing together experts, practitioners, and academics from around the globe. The workshop aimed to explore sustainable tourism practices that honor and enhance natural landscapes while promoting cultural heritage. Participants engaged in discussions, case studies, and collaborative projects that highlighted innovative approaches to landscape management and tourism development.

The event provided a platform for sharing best practices and development international cooperation in the pursuit of sustainable tourism solutions.

First Group Residential Compound Competition

Brief

In 2020, I participated in a design competition organized by a prominent developer company, aiming to create an innovative concept for a residential compound. My design was recognized for its creativity and functionality, earning me the second prize. This experience not only showcased my skills in architectural design but also reinforced my commitment to sustainable and community-focused living spaces..
