Architectural Portfolio

Syed Shahid Ahmed Rizvi

Senior Architectural Cad Designer / Revit Architectural Modular

Professional Profile:

By Profession I am **Senior CAD Designer / Revit Architectural Modular,** and I have 26 years of Architectural design experience, I have provided 3d visualization, presentation documents and architectural detail drawings to deliver projects of a high professional calibre. This experience covers construction documents, 3d visualization and timely delivery for a new and existing projects as well as technical documents of architectural, landscape and interior documents.

Key Expertise:

- Auto Cad and BIM Modeling for design discipline.
- Work under direction of design Manager and BIM Manager.
- Ensure construction documents accuracy based on discipline Cad and BIM Modeling.
- Collaborate and Coordinate with other disciplines design changes and Model challenges.
- Follow Cad and BIM content standards and development procedures.
- Tack the lead on developing some discipline specific CAD and BIM Modeling content for projects.
- Prepare own discipline model and / or content for CAD and BIM coordination meeting.
- To have a comprehensive and ability to read and interpret all Drawings.
- To generate, develop Cad and BIM information and extract documents according to instructed detail and specifications by the Architecture.
- Identify and verify specifications by examining documents and performing required validation calculation.
- Identify all potential and actual discrepancies and provide a technical solution in consultation with senior staff (Architecture / Engineering)
- Resolves discrepancies by collection and analyzing information and conferring with Engineers.
- Maintain all documents management and information in required systems.
- Contribute to team effort by accomplishing related results as needed.
- Monitor all performance requirements as interested
