Introduction

About me

Personal projects

- My name is Daniela Falcão, I am Brazilian and have been an architect for over 25 years.
 - I would like to work as an architect remotely.
 - I do not speak English fluently, but I am learning and I use translators and AI with some affinity.
 - I am available for contact.

Professional projects

2015

2021

2025

I am an architect graduated from UFES, businesswoman - partner and owner of a company, for 8 years, in the area of assembly in fairs and events, directly participating in the assembly of stands for the main companies in Espírito Santo such as Vale, Aracruz Celulose, Tribuna, Buaiz Alimentos, as well as international companies such as Italiana Pedrini S.p.A, Grupo Empresarial Stone, Brasil Quarries, and the Egyptian company Iso Marble.

For 3 years, I coordinated the Building Maintenance team as Deputy Manager of Building Maintenance for the Government agency IASES - an agency of the Department of Justice, as well as monitoring and supervising the Service Provision Contract of the company that won the bid. I monitored teams from units throughout the state.

I coordinated the Review of the Municipal Master Plan for the city of Pinheiros - discussing and participating in public hearings, raising questions and bringing solutions at the level of citizenship, citizen rights, spatial organization aiming at the growth and orderly development of the city

I currently develop architectural, urban and decoration projects.
I am a technology enthusiast, with some knowledge of Artificial Intelligence and I enjoy working on sustainability projects.
