TECHNICAL SKILLS

Computer Aided Design

AutoCAD, SketchUp, Rhino 3D, Revit, Winner Design

Proficient in CAD software with experience in developing detailed technical drawings, 3D models, integrating these digital tools for sustainable, agile, and user-focused interior design solutions.

Skilled in preparing coordinated drawing sets across different project stages, ensuring accuracy and clarity for consultants and contractors.

Visualisations

Enscape, Rhino 8, Vray

Experienced in creating clear and engaging 3D renders to communicate spatial concepts, materiality and experiential atmosphere.

Adobe CC and Digital Graphics

Photoshop, Illustrator, InDesign, Firefly, Procreate

Capable of photo editing, vector illustration and layout design, creating clear and engaging visuals that effectively communicate design concepts.

LYNETTE NELSON-ADDY

PROFILE

An Interior Architecture and Design graduate with strengths in spatial and conceptual design, digital visualisation, and FF&E specification. Proficient in CAD, 3D modelling, and visual rendering, delivering clear and thoughtful design solutions with an eager interest in hospitality, residential and commercial design that combine creativity with practical function.

WORK EXPERIENCE

Nov 2024 - Jan 2025

Junior Draughtsperson | Crafted Bars Ltd | Nottingham

A pub expansion for Queen of Bradgate's Nottingham branch, assisting in spatial planning, interior layout design, and branding integration alongside university studies.

- Performed thorough on-site surveys across 2 locations, measured spatial dimensions, and documented existing conditions to inform accurate design development and planning.
- Created functional layouts and bespoke furniture/fixtures for high-traffic spaces using **AutoCAD**, ensuring optimal flow, cohesion, and an improved experience for 200+ daily customers.
- Optimised the main bar layout using ergonomic and sustainable design principles, improving staff movement and ease of passage by 20%, while integrating energy-efficient lighting and previously existing materials to enhance sustainability.

Aug 2023 - Aug 2024

Trainee Design Co-ordinator | Kitchen Architecture | London

A leading luxury kitchen and interior design company specialising in high-end Bulthaup kitchens and bespoke living spaces, offering innovative design solutions across its London, Oxford, and Cheshire showrooms.

- Created 50+ detailed floor plans, elevations, and sectional drawings using **AutoCAD** and bespoke 3D software (**Winner Design**), ensuring precise spatial layouts for high-end residential kitchen and living spaces valued up to £100,000+ per project.
- Demonstrated leadership through hands-on mentoring to 3 junior students through design processes, software use, and project coordination, improving their efficiency and technical proficiency.
- Managed a 1,000+ image photo library and utilised Zoho CRM to create social media and website content and assess marketing trends that increased engagement by 20%.
- Produced plumbing, electrical, and fitting packs for 10+ projects per month, ensuring seamless installation, compliance, and on-site issue resolution.

EXTRACURRICULARS

Volunteer Tutor | Action Tutoring

Provided one-to-one academic support to KS2 and KS3 students, helping them improve confidence, problem-solving skills and overall understanding.

Student Member | British Institute of Interior Design (BIID)

Actively engaged in industry events, CPDs and professional development opportunities to expand knowledge of design methodologies.

Hand Sketching and Illustrations

Developed strong freehand sketching and visual storytelling skills.
