 (design, working drawings )

**COMMISSARIAT DE POLICE - Ville de VILLEPINTÉ**

MATRICE D'OUVRAGE:	MINISTÈRE DE L'INTÉRIEUR VILLE DE VILLEPINTÉ
MATRICE D'ŒUVRE:	Philippe AMÉLIER - Jacques DUBOIS BET: COMET - SETHA Economiste: Cabinet PIGEON
PROGRAMME:	Commissariat de police: bureaux, garages...
SURFACE:	2 200 m <sup>2</sup>
COUT DU BATIMENT:	18 MF
DATE:	1993 - 1995
MISSION:	M2+

Une information originale pour ce commissariat, au lieu même d'une zone d'activités, dans la grande banlieue parisienne nord, à la limite des champs et de la zone urbanisée. Clarté et simplicité de plan tendent à rendre accessible cette zone d'entrée de la commune de Villepinte.

L'organisation en espace permet de préserver une zone de service. Chaque corps de bâtiment prend sa place dans cette composition. L'air, en effet, abrite les bureaux derrière une façade courbe dominant sur le bâtiment. L'entrée, à son débouché, est un lieu de service idéal pour les services internes du commissariat.

Le hall est largement vitré et propose un espace double hauteur, utilisant le caractère public de l'équipement.
