

# NOW ENROLLING AT THE SCHOOL OF WINE

You can hold a wine glass up, swish it around a bit and stick your nose in it, but you'll just embarrass yourself in front of your high-class date.

Learn about wine so on your next date, you won't have to ask the waiter for a recommendation. You'll be doing the recommending, thank you very much.

Growler University staffs knowledgeable bartenders who can school you and your friends on facts about any of their 30+ available taps of wine, beer and hard cider.

Hop in and drink you fill of knowledge.

Take the short walk from UO campus to Growler University on Villard Street today and tour the "campus," or find out more online at [groweru.com](http://groweru.com).
