

Different people have different lifestyles. Presented here is a piece that can adhere to whatever fits your convenience. Tran[SIT]ion can fold out flat and transform into a multifunctional wall hanging. It can be customized with a different material to fit your needs. The wooden panels can be switched out for another material such as dry-erase board, cork board, plexiglass, stainless steel, or canvas. With a uniquely designed spring-loaded, pin-hinge system, the chair can transform into a surface to write on, post reminders, or simply serve as an art piece. Tran[SIT]ion is made with you in mind.
